

Follow the garden paths

Trace each dotted path. Then color the garden friends.

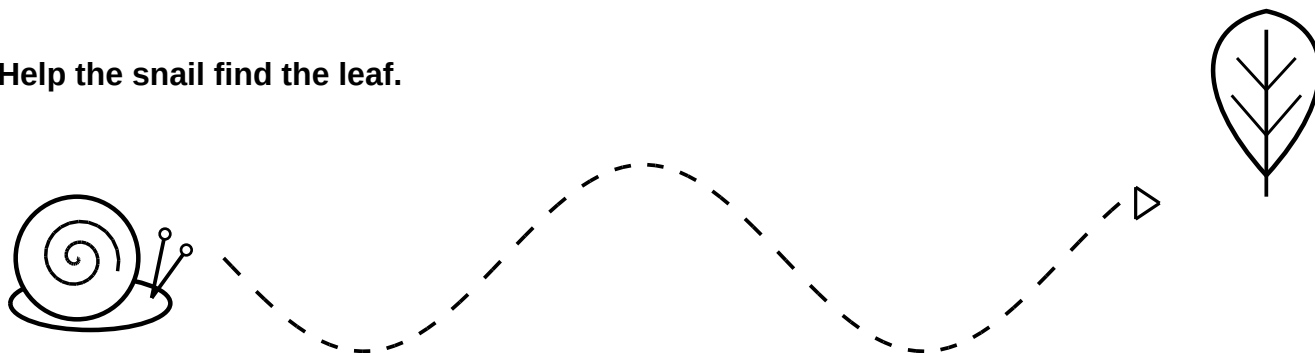

Help the bee find the flower.

Help the rabbit find the carrot.

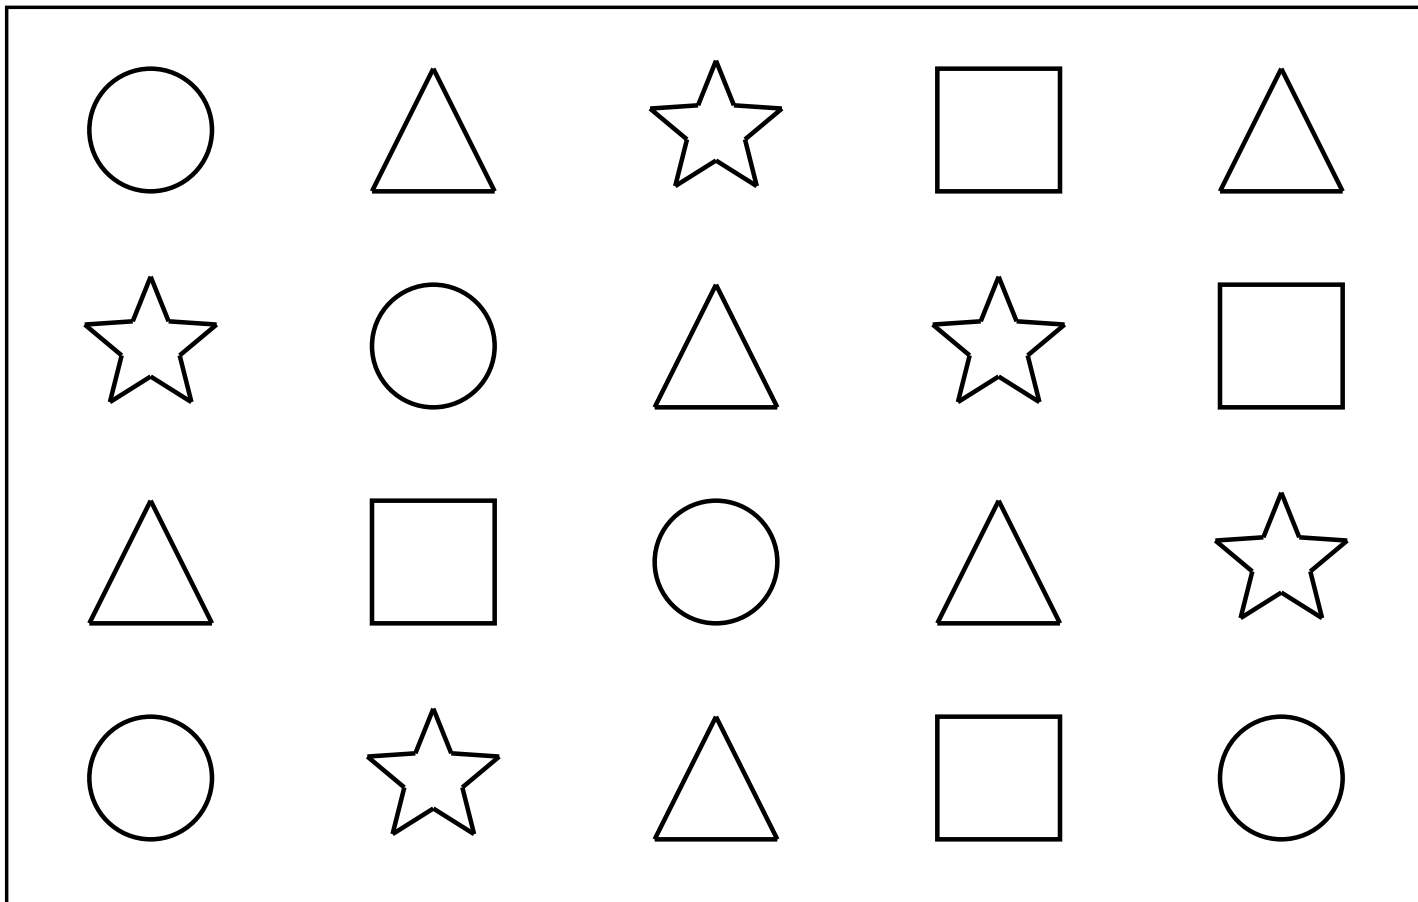

Help the snail find the leaf.

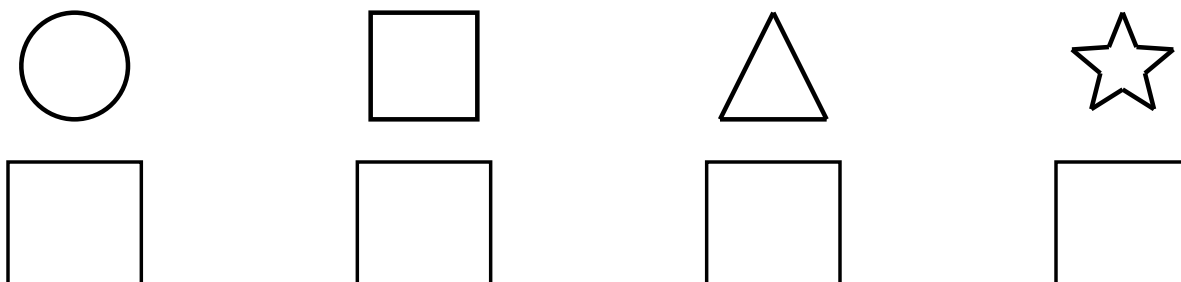

Grown-up tip: start with a finger, then try a pencil or crayon.

Shape I Spy

Find each shape. Count it, then write how many you see.

How many?

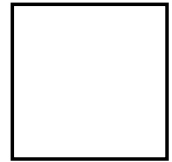

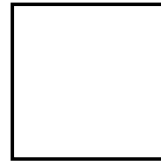

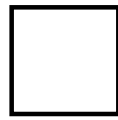

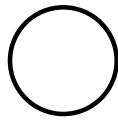

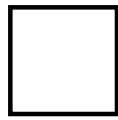

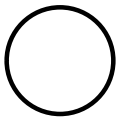

Try this: color all the triangles the same color.

Grown-up tip: mark each shape as you count. Any coloring colors are fine.

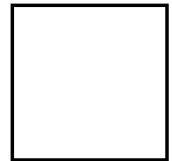

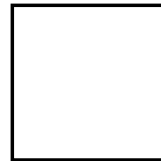

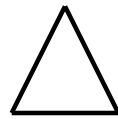

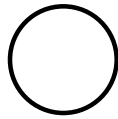

What comes next?

Look at each pattern. Draw two more shapes in the boxes.

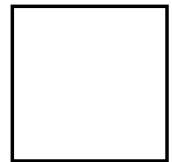

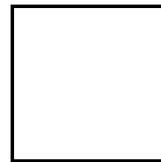

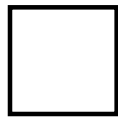

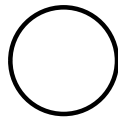

1

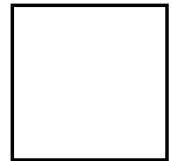

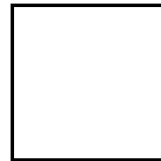

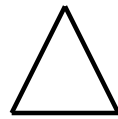

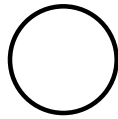

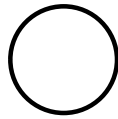

2

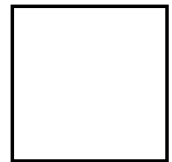

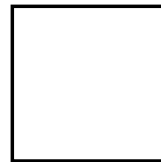

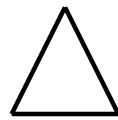

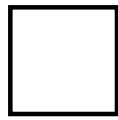

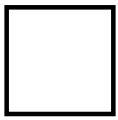

3

4

5

Grown-up tip: name the shapes out loud together before drawing.

Draw your cozy corner

Draw a place where you would like to read, rest, or play.

What would you bring? Draw one thing in each box.

A favorite book

Something soft

A kind helper

Grown-up tip: invite a story about the drawing; writing is optional.
